63317-VUL (all black)

(Counts as 2 louvers on 4 louver packages)

You won't see another '35 Chevy like this one. The "Grand Master" was designed and built by Chip Foose for owner Bob Rydell. This two-tone smoothie won the Riddler Award for 2002 at the Detroit Autorama. Chip incorporated a Gen-II system into the hand built interior and it performs to standards of the rest of this cool car.
