

SURE FIT SERIES

1955-1957 CHEVROLET

Tri-5 Chevy Sure Fit Now Features Gen-IV Technology!

Get true bi-level air flow and OEM quality "just right" temperature control. Vintage Air Sure Fit Chevrolet a/c, heating and defrost systems are designed specifically for your classic Chevy. New separate heating and cooling coils and SPAL permanent magnet blower motor give you the maximum capacity and performance. All parts to modify your factory controls. Sure Fit systems attach to existing holes in your dash and firewall in most cases.

2002 ARMO Best New Product Award!

Complete kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and hi/lo safety switch.

No Cables!

NEW! Gen-IV with Fly-By-Wire Electronic Controls

Optional four-vent plenum available.

1955-57 Chevrolet Gen-IV Sure Fit System Features:

- Electronic Servo Motor Controls, Including Heater Valve.
- Mounts completely behind dash.
- Center molded plenum and two remote ducts for maximum air flow.
- High capacity blower and separate heater and cooling coils.
- Dehumidified defrost.
- Compatible with our optional Gen-III proline control panels. (see page 29)

The All-In-One Kit For Your Classic Chevy!

EVAPORATOR KIT: Air conditioning, heating and defrost combination designed specifically for your vehicle. Original deluxe control assembly in your dash connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

COMPLETE KIT: All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling* or fabrication required. Available for V8 or 6 cylinder radiator position. Comes with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

NOTE: Some installations may require additional engine pulleys not included with kits. See page 56 for options. You must provide v-belts and refrigerant.

32007-VUF '55-'57 Chevy Electric SPAL fan package. For use with Super Flow condenser. Includes mounts.

NEW! Our re-engineered Tri-five Chevy Sure Fit kits now include Tite Fit compressor hard lines. Lines are now rerouted through core support and drier mounts behind. (See photo above) These kits may be upgraded to include our polished Tite Fit line kit and our popular polished Proline compressor/alternator bracket (see page 59).

Stamped steel heater-delete panel included in '57 Chevy Sure Fit kit.

64110-VCB Plate with holes pre-punched for a/c & heater hose.

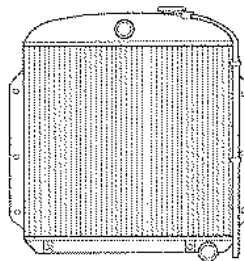

Includes rubber grommets.

64112-VCB w/o holes.

Vintage Air offers a new direct replacement radiator for your classic Chevy. We also recommend using our heavy duty fan blade and shroud.
